Orthopaedic Institute

The Robert Jones & Agnes Hunt Orthopaedic Hospital, Oswestry

Imaging of Orthopaedic Implants

Convened and facilitated by Dr Bernhard Tins

Date: Monday 18th May 2020

Venue: Conference Centre, Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry Shropshire

Target Audience: Consultants in Radiology and Orthopaedics, Orthopaedic and Radiology Registrars, Radiographers, Allied Health Professions with an interest in orthopaedic, implant imaging

Course Objectives: To review the imaging of orthopaedic implants. It will address when, why and how to image and will review specific implant and implantation-related problems in the most commonly treated joints/body areas. The lectures will be given by radiologists and orthopaedic surgeons. Tutorials will consolidate the contents of the lectures by discussing specific cases in depth. A particular emphasis will be on discussion of the complex field occupying the borderlands of radiology and orthopaedics.
