INTERVENTIONAL RADIOLOGY NURSES' STUDY DAY

Venue: The University of Cambridge School of Clinical Medicine at

Addenbrooke's Hospital

CPD: 5 CREDITS

This event is suitable for nurses who currently work or who are interested to work in interventional radiology and interventional cardiology, and for student nurses who may wish to explore future options. The programme will provide a broad understanding on imaging modality, radiation protection, safe sedation, clinical guidelines and overall governance in imaging related interventions. There will be focused lectures and discussion on specific speciality including vascular, cardiology, hepatobiliary, urology, cerebral, venous access and nuclear medicine. Roles and responsibilities as well as general and specialist procedures will be highlighted.

Who should attend: Interventional radiology nurses, cardiology nurses, student nurses, general nurses.

Educational aims:

- To understand interventional radiology safety and governance
- To understand imaging related interventions from nursing perspective

INTERVENTIONAL RADIOLOGY NURSES' STUDY DAY

Venue: The University of Cambridge School of Clinical Medicine
at Addenbrooke's Hospital

Addenbrooke's Hospital, Hills Rd,
Cambridge CB2 0SP

The University of Cambridge School of Clinical Medicine (the Clinical School) is located, along with the Cambridge University Hospitals NHS Foundation Trust sites of Addenbrooke's and Rosie Hospitals, on the Cambridge Biomedical Campus.

The Cambridge Biomedical Campus lies to the south-east of Cambridge City Centre, just off Hills Road (which becomes the A1307 to Haverhill), and near to Long Road and Queen Edith's Way. It is a short bus trip from the Railway Station and the City.

Parking is limited on site but there are many walkways, cycleways, and public transport options.
