

# In Need of a Little CPD???

## The SIRNR Online Education Sessions

### When?

**25th November  
at 7.00 - 7.45pm**

### Do I need any special software?

Just an internet connection, speakers and the latest version of Flash

### Session Synopsis

Mesenteric bleeds can be tricky for all of those involved, both from an imaging and a nursing perspective. Paul will talk you through this using case studies in what is sure to be an interesting session.

### Who?

**Paul Walker**  
Consultant Radiologist,  
Leeds General Infirmary

### What?

**Where is the little bleeder?**  
Identifying the source of mesenteric bleeding
