5TH ANNUAL PAEDIATRIC IR UK MEETING

Monday 22nd May 2023

Innside Hotel, Manchester, M15 4RP

LEARNING OBJECTIVES:

Session 1: Paediatric oncology: an update

- To develop an understanding of the basics of neuroblastoma and Wilms' tumour management.
- To appreciate some of the challenges families face in dealing with an oncology diagnosis in their child
- To gain insights into the future direction of paediatric interventional oncology.

Session 2: Working as a team

- To understand the factors involved in delivering paediatric vascular access and the importance of teamworking.
- To appreciate how PIR can give valuable support to a paediatric urology service.
- To gain insights into the challenges of paediatric liver transplantation and the ways paediatric IR can help to overcome those challenges.

Session 3: Hands-on / round table discussion

- Expert-led informal discussion aimed at a better understanding of the issues involved in delivering radiographic and nursing support for paediatric IR and sharing of ideas for improvement.
- Expert-led informal discussion aimed at the sharing of experiences around the challenges of building a paediatric IR service and how we may meet some of those challenges.
- Hands-on experience of vascular access and gastrojejunal tube insertions/exchanges using phantoms, with guidance from the experts.

Session 4: This is PIR: my most memorable case

- Short and sharp presentations of a cases focussed on a critical complication, technical win, system error, or memorable child or family interaction, to showcase a wide breadth of PIR experiences, challenges and outcomes.

- Dr Linda Watkins

Andy Healey & Narayan Karunanithy

16:45 CLOSING REMARKS

Dr Sam Byott & Dr Premal Patel

Join us for the
SPIR 11th International Meeting

ILLUMINATE

October 2 - 4, 2023
Disney's Contemporary Resort
Lake Buena Vista, Florida

The theme for the SPIR 2023 meeting is "Illuminate." The agenda will challenge us to provide the best care possible for children. There will be sessions dedicated to practice building, training and education, wellness, and the patient experience from start to finish. And on the final day of the meeting, we are excited to present a dedicated half-day of M&M case presentations and "What Now?" debriefing. We look forward to reading your submissions for Scientific Abstracts and M&M cases. For the first time, we are also accepting submissions for electronic Education Exhibits.

Come enjoy the best pediatric IR conference in the world at the beautiful Walt Disney World® Resort.

Registration opens Spring 2023

www.spir.org

Society for Pediatric Interventional Radiology

Dedicated to promoting the health of infants and children through image-guided diagnostic procedures and treatments.

THANK YOU!

BSIR PAEDIATRIC IR UK would like to thank
the following sponsors for their continued support of
