

# THE CHRISTIE EDUCATION CENTRE

# Education Centre

## Welcome

The Christie Education Centre was opened formally on 9th October 2001 by Professor Sir Martin Harris, Vice Chancellor of the University of Manchester.

The centre is a highly regarded venue for national and international study days and conferences.

In 2013, the Education Centre was refurbished expanding the foyer area and adding additional seminar rooms. Offering a high standard of service and state-of-the-art facilities, the education centre represents the perfect modern learning environment, facilitating over 3,500 meetings a year in Manchester

### Key features:

- Air cooling system throughout the centre
- Restroom provision includes disabled facilities
- Water cooler in foyer
- Computers in meeting rooms with access to the internet
- Visitors Wi-Fi available on request
- Interactive hand held voting system available
- Ubcast conference recording system
- Situated on the ground floor, the Wilmslow Dining Room is ideal for breaks and refreshments or we can provide catering for you in the education centre.

If you require assistance with planning your events we can provide a bespoke planning service to aid you with your requirements

This includes:

- preparation and distribution of all marketing materials
- promoting the event via web, postal and email distribution
- arranging and liaising with sponsors
- processing all bookings and corresponding with delegates, as well as chasing non-payments
- keeping a record of financial income and outgoings for the event
- preparing all delegate materials including speaker biographies

For further information, please contact the Events & Education

Programmes manager on +44 (0)161 446 8057

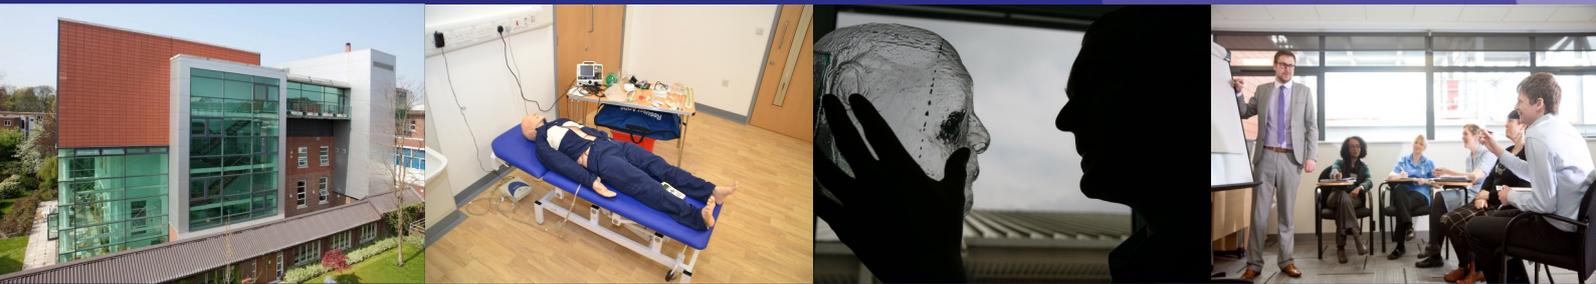

## Presenting tips:

For presentations in the auditorium, our highly trained technicians can provide seamless transitions between presentations using remote access software.

Presenters using PowerPoint should forward all presentations at least 24 hours in advance of their meeting to [education@christie.nhs.uk](mailto:education@christie.nhs.uk). This ensures our technicians can make compatibility checks with our system.

When emailing presentations, please ensure that they do not contain patient sensitive information (including clinical images). They should also be less than 20mb in size due to restrictions on our email server.
